

THE TLC WORLD STORY

TLC World started life as a house church in Abu Dhabi in the United Arab Emirates in 2008. The home church became known as The Little Church of Abu Dhabi because it described the fellowship so well. Of course, we all considered whether the name would fit if God decided to grow us beyond 'little' but we knew that even if He did, in the whole scheme of things, we would always remain 'little' and we agreed the name would serve to remind of us that fact.

In Abu Dhabi we grew to fill a large home, but never to become strangers in worship. Together we followed the example of the first Christians by caring for each other through the challenges of life; in other words, we became a real family and all grew immensely in faith and understanding. We bonded deeply and gave and received more love and support than any of us could possibly have imagined, not only at home but also by sending missionaries and financial support to people and places in need around the world.

A move to Hong Kong in 2012 led to The Little Church World (TLC World) being registered and founded on 31st October 2013. TLC World replicates the original concept by ensuring everyone is welcomed into family groups small enough to really care. TLC, famously known as an acronym for 'tender loving care' also captures the essence of TLC World.

So what does TLC World have to offer today? Well, we're a community of little churches and fellowships in the physical and virtual world.

Join us as we strive to reach the unreached and teach the reached.
