

The Spotlight - May 2019

Jeremiah 29:11

"For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future."

Almost one year ago, we left Hong Kong and our lives there to step into the unknown, for we'd never been to Fiji and Jim had never served as a Pro Vice-Chancellor before, but we were so eager to see God's plans unfold that we had no fear whatsoever once we knew that this was indeed His plan; in fact, we left our beloved Hong Kong with excitement. God put the ministry there in excellent hands and today, we still work hand-in-hand with the team, albeit from a distance. This week, however, we get to return for a flying visit and will have the privilege of sharing a little of what we see God doing here in Fiji when we speak at the Lingnan University Thursday evening fellowship. It's definitely an exciting time to be in Fiji, and we have been truly blessed to observe Him rolling out some of His plans for bringing us here - plans over and above simply blessing Jim with a job he loves and a wonderful home in which to live. Actually, it only dawned upon us quite recently that, although the decor is different, the layout and aspect of our new home in Fiji is so very much like the image you see in the TLC World Family Room. Once again we were left in awe as we realised this was God's hand at work! As if that wasn't enough, we truly have the best neighbours anyone could wish for, and with our church family congregating just a few steps away at the end of the road, it's little wonder we're 'blown away! The saying 'God is Good' is truly an understatement! Of course, we love all of His blessings, but we are also eager to be the Kingdom blessing that He brought us out here to be, so we're thrilled that He's revealing more and more as the weeks go by. It's too early to share more as we're simply at the stage of giving it all back to Him in prayer to see if we're hearing correctly and, of course, asking Him to show us the way forward. It's not too early to ask for prayer support though, so we would be immensely grateful if you would join us and others praying for His plans to unfold. Please pray that we will all listen carefully to Him, take His lead and never step ahead of Him, and if He speaks to you with a word for us as you pray, please don't hesitate to let us know.

As always, we leave you with the messages that have been delivered by the TLC World team this past month. Simply click on any that you'd like to watch or listen to and you'll be taken to our YouTube channel. Of course, if you have any difficulties whatsoever, simply email us to ask for a direct link.
