

The Spotlight - October 2019

Can you believe the colour of this lake? You would be forgiven for believing this is a 'doctored' photograph, but we can assure you it's not! That's because we took it ourselves way up in the mountains of Kazakhstan during a visit this past month.

Each day, the mountains framing the city served to mesmerise us and we eagerly looked forward to the day when we would travel up into them, but nothing could possibly have prepared us for their majesty and the breathtaking beauty we'd find within.

Is it really possible that such a place of beauty could come about by chance as the Big Bang Theory suggests, or is this, and all the other wondrous features of our amazing world, evidence of a creator? Certainly, in our experience, no explosion has ever led to order of any kind, so could a world so perfectly formed to sustain life in all its diverse forms have come from chaos?

We are Christians today not because we needed a crutch (we actually thought we were doing quite well without a God) but because of the evidence we found when we decided to explore the possibility of the existence of God with an open mind. This was the case with Marilyn Adamson, who after years of being an atheist, eventually wrote an article entitled 'Is There a God?' which is a seriously great place to begin your own search if you find no reason to believe. Read her brief but powerful article at <https://www.everystudent.com/features/isthere.html>

As always, we provide links to the interesting questions that have been explored in the TLC World Family Room this past month. Just click on any link to be taken straight to the video.

- 1. [What you can expect to happen when your life on earth comes to an end.](#)*
- 2. [Do we need to do good works to gain a place in heaven?](#)*
- 3. [Where exactly are you in your life's journey right now?](#)*
- 4. [Does the Bible inspire confidence or is it too full of contradictions?](#)*

We also leave you this month with a link to the TLC World gym where you will find exercise videos and Simon ready to discuss his physical/spiritual questions. <https://tlcwhk.com/gym/>

*Blessings always,
Elaine & Jim*

For since the creation of the world God's invisible qualities—his eternal power and divine nature—have been clearly seen, being understood from what has been made, so that people are without excuse. (Romans 1:20)
